

NGC 4689

1 kpc

This is a deep-field astronomical image of the galaxy NGC 4689, also known as the Bode's Galaxy. The image shows a dense, irregularly shaped galaxy with a complex internal structure, including a bright central region and numerous smaller, distinct clumps of light. The galaxy is set against a dark background, and the entire image is framed by a white border with tick marks, suggesting it is a scan of a photographic plate. The text "NGC 4689" is located in the upper right corner, and a scale bar labeled "1 kpc" is in the lower right corner.
