

NGC 4567

1 kpc

This is a deep-field astronomical image of the galaxy NGC 4567, also known as the 'Spindle' galaxy. The image shows a dense, elongated structure with a bright central core and a complex, filamentary internal structure. The galaxy is oriented diagonally across the frame. The image is framed by a black border with white tick marks, suggesting it is a scan of a photographic plate or a similar format. The text 'NGC 4567' is located in the upper right corner, and a scale bar labeled '1 kpc' is in the lower right corner.
